Reviews

Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

SUICIDE BECAUSE OF AUTISM (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this book Travis discusses the relationship between autism and suicide. Autism does not cause suicide but it can lead to situations in a person s life that might cause them to become suicidal out of loneliness or social isolation. It may be hard for some with autism to ask for help because they do not have the social skills to connect with others so someone else might know that they need help. People with autism have an increased risk of suicide due to their lack of social skills. I know many people with autism who have attempted suicide. It is important to recognize the symptoms in someone with autism and get them the help they need immediately. Sometimes all people with autism will need is a listening ear to understand them and let them know that they are not alone. I have always desired to be neurotypical but that is impossible. I sometimes hear voices telling me I should self-harm or hurt myself because I am not neurotypical and I have autism. Those voices are very loud and they isolate me from the rest of the world at an even deeper level. It is hard for people with autism to feel like they belong in the world because of all of the social difficulties that we have. This book will give you tips and ideas on how to reach out and help someone on the autism spectrum. Here is an excerpt from the book. I have had four suicide attempts and with each one it has been because of my social skills. I do not have good enough social skills to connect with someone at the level in which...
