The Natural Gardens of North Carolina Chapel Hill Books

By B. W. Wells

The University of North Carolina Press. Paperback. Book Condition: New. Paperback. 336 pages. Dimensions: 9.2in. x 7.0in. x 0.7in. For seventy years, The Natural Gardens of North Carolina has been a must-read volume for anyone interested in wildflowers, native plants, ecology, or conservation in the state. This handsome revised edition features new line drawings and color photographs, an appendix that updates the botanical nomenclature, an introduction that focuses on B. W. Wells and his passion for the states landscape, and an afterword that discusses the continuing relevance of Wellss ideas. One of the first scientists to write and lecture about ecology, Wells introduced North Carolinians to the extraordinary tapestry of natural gardens, or plant communities, within the states borders back in 1932. His purpose was to help readers understand a plant within its community--a pioneering concept at the time--and to promote conservation. Moving from the Atlantic coast westward, Wells identifies eleven major natural gardens: the sand dune community, salt marsh, freshwater marsh, swamp forest, aquatic vegetation, evergreen shrub bog (or pocosin), grass-sedge bog (or savanna), sandhill, old-field community, upland forest, and high mountain spruce-fir forest. He devotes the first part of his book to a general account of the vegetation and...
